We will give you 5 years to pay for 1000 of our best grade of Elberta peach trees at $150.00 at 8 per cent interest.
FREE WITH YOUR ORDER

In order to get the names of more property owners on our books we offer you 12 small grape vines for the names and addresses of 12 of your neighbors who own their own homes, if sent with your order for nursery stock.

CLUBBING OFFER

If you do not want as many as $10.00 worth of trees you can save the express and know just what your trees cost you by clubbing with some of your neighbors, making each one order on a separate sheet of paper, but sending all together to be shipped by us to one person, we will pay the express if it is more than $10.00.

GET YOUR ORDER IN EARLY

Remember the earlier that you plant your trees the better they will get through the first summer, and the earlier we get it the more certain you are of getting it filled complete. If we receive your order before the weather is warm enough to send out the stock, we will hold it and send as soon as the weather is right.
